

Questions for Cultural probe:

1) Have you ever faced a situation where you would like to join a game, but you do not know anyone?

Yes

2) What kind of features would you like to have in these applications?

Message board within a group, search for people with similar interests, ability to schedule a time and place

3) Are there any privacy concerns you have for this application

Is everyone on the application a UW student or affiliate

4) Do you prefer to use an application and form a group to play a game or just go to a location and randomly ask people who are playing?

I've never tried an application to meet a group and start a game, so I am open to the idea but do not have a preference

5) How would you choose a group or other players?

Based on skill level, similar interests, and availability

6) What kind of information would you like to know about the user or the group?

Previous experience, school information, skill level, reason for wanting to play, and best times or days to play and where
